## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-13, 30-34, and 40-42 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record neither teaches nor suggests the mating a microelectronic die substrate to a board, wherein the substrate includes an upper surface, a lower surface, and a solder first bump disposed on the lower surface; and while mating forming a stress-compensation collar (SCC) on the board, wherein the SCC abuts the solder first bump.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
